

Nursing Home Transition (NHT) Information Fact Sheet

The Nursing Home Transition program is designed to help nursing home residents transition back to the community and live independently. For many residing in a nursing home this is the fulfillment of a personal goal to live at home again. We can help them achieve this goal.

Services available:

- Individual evaluation, advocacy and supportive services from a NHT Coordinator
- Housing Assistance that includes
 - o Help locate affordable and accessible housing
 - o Help with payment of security deposits
 - o Help plan the move to the residence and set up the living area
- Arrange for adaptive equipment if necessary
- Arrange for in-home care services to assist the participant after the transition to live independently

Eligibility Requirements:

- Age 18 - 59
- Currently residing in a nursing home in Montgomery County, Pennsylvania
- Wants to return to the community and live independently

How much does it cost?

- There is no cost for this program for those who qualify.
